

Femmoto

That's the name of a track-day event organized by Sportbike Track Time (STT) geared specifically for women. Last year's was a success with lots of sponsors and participants so Bonnie Strawser, co-owner of STT, is holding a second Femmoto on September 27-28 at the Las Vegas Motor Speedway. So far

Aprilia and Ducati have signed on as sponsors and most likely will supply motorcycles. Instructors will be on hand to offer pointers. STT organizes track days at venues all over the country. To encourage women to come out and ride the price to them is a reasonable \$75 a day.
